|----------------------------|---|---|
| | Commissioners Present | Bill Tynan (Chair), Alexis Fakelmann, Alina Hsu |
| | Guests | Marj Wexler |
| CITIZEN INQUIRIES | | |
| 1 | Marj Wexler | FOPL needs rainfall data for Palmatier dam project. We reminded Marj that there is no active OOC; applicant must refile. Mike Kulig at Berkshire Engineering was the project manager. |
| PROJECTS (NEW AND ONGOING) | | |
| 2 | 207 Egremont Plain Rd | Inquiry by The Resource via Town Planning Board regarding whether any wetlands issues exist at 207 Egremont Plain Rd with respect to proposed rehabilitation work. Site of old North Egremont Baptist Church. Bill did a site visit, and additional online research, and found no jurisdictional areas on site. We unanimously approved so notifying The Resource. Bill will do this. |
| 3 | Jug End Fen Chris Buelow 153-0217 | OOC signature page fixed. We sent 2 signature pages to Mary to mail first class to Chris and Angela Sirois. |
| 4 | Boice Road Sharzer 153-0215 | Site visit Tuesday, David and Bill. We are up to Item #8 on checklist. 4 pine trees that were to be cut, are in fact staying in place. We need to observe after pool is dug, the effect on root systems of existing trees. Pines have a more horizontal root structure, so the roots may well be damaged. Site visit report: they are in compliance so far. |
